

Holy Family Catholic High School, Victoria, MN (a suburb of southwest Minneapolis), announces its opening for an enthusiastic, innovative, faith-filled, and gifted educational leader to serve as its new CEO / President.

The School

Founded in 2000, Holy Family Catholic High School has enjoyed significant growth and is well-positioned for future expansion. In 2005, Holy Family joined the Midwest District of the Christian Brothers; embracing the Lasallian mission. The school enjoys a motivated and successful student body, a dedicated and caring staff, and highly supportive and involved parent community.

The Challenge

As we celebrate our 10th anniversary and embark on our 2nd decade Holy Family is at an important phase of its history. In 2000 we were the first new Catholic High School in the Twin Cities in over 30 years. During our first decade a solid foundation was set by establishing a strong sense of community. This sense of community was built on a consistent, collective set of values present in our staff, teachers, parents and students. As the school enters its next decade, the school must complement this strong foundation by significantly growing the school in four key areas. Specifically, the leadership challenges include (1) increasing enrollment, (2) adding to the campus and physical structure to attract and adapt to future growth, (3) creating a vibrant alumni association and (4) positioning the school to reduce its financial obligation on or before schedule. The CEO/President must possess the unique array of skills necessary to personally lead in these four key areas.

Qualifications

The successful candidate must be a practicing Catholic and understand and embrace the opportunities presented as a growing Catholic high school. Proven success in fundraising and capital campaigns is essential. Evidence of successful leadership, financial management, human resources, and public relations is expected.

The successful candidate will have the ability to cultivate collegiality and accountability among faculty and staff; be well-organized; possess collaborative leadership ability among educators, students, families, and the community; have demonstrated strength in managing processes, people and time; possess excellent communication skills with genuine desire to empower, inform and motivate others.

Application Process

Interested candidates should send a cover letter and resume by April 30 2010 to:

- Holy Family Catholic High School,
- Attn: Pat Stender
- 8101 Kochia Lane,
- Victoria, MN 55386
